Multi Channel Class D Amp

For Impedance Output

Artist T4800 and Artist T8800 professional power amplifier adopt switching power supply and class D circuit design which has good performance with high efficiency, light weight and good stability.

Two models are available, 4-channel Artist T4800 and 8-channel Artist T8800. It's 400W each channel at 8Ω. Each channel can work stably at 4Ω.

Artist T4800 and Artist T8800 adopt modular design. Two channels share one power supply system and amplification system. With elaborately selected components and state-of-the-art craftwork, Artist T4800 and Artist T8800 have very good fidelity and high damping factor. It's good choice for music reproduction, speech and AV system integration.
